

Cricut Machines

The Cricut machines are a fast and convenient way to cut letters, shapes, and phrases at the touch of a button! These electronic machines use small, compact font and shape cartridges to operate, allowing customization of the size and style of every design. The machines cut easily through a variety of materials, from paper to vinyl and chipboard to thin plastics. With no need for a computer, Cricut machines fit anywhere in a home, office, or classroom.

Cricut Expression® Personal Electronic Cutter

The ultimate machine for paper crafting! Cricut Expression uses cutting mats measuring 12" x 12" and 12" x 24" to allow cuts from 0.25" up to an impressive 23.5". Six modes and four functions offer greater customization of cuts. Machine set includes Plantin SchoolBook™ font cartridge, Accent Essentials® mini cartridge, 12" x 12" cutting mat, and necessary cords and manuals. Cuts paper, cardstock, light chipboard, and more!

Cricut Cake™ Personal Electronic Cutter

Just as Cricut changed the paper crafting industry, now it's changing the cake decorating industry! Cricut Cake uses food-safe cutting mats measuring 12" x 12" and 12" x 24" to allow cuts from 0.25" up to an impressive 23.5". Six modes and four functions offer greater customization of cuts. Machine set includes Cake Basics cartridge, 12" x 12" cutting mat, keypad cover, cartridge skirt, and cartridge port cover for cleanliness, a cleaning kit, and necessary cords and manuals. Cuts gum paste, frosting sheets, fondant, and more!
